4. WARRANTY

The Artist accepts liability in compliance with the legal measures and regulations in the case of negligence or carelessness or intentionally or negligently caused injuries or threat to life, body and health. Contracting parties are liable for violations of the obligations specified under the Agreement.

Despite the application of the most advanced and top-quality pigments, allergic reaction is possible but rare. The client assumes liability in these rare cases. The pigments are absorbed differently due to differences in the skin quality, thus there is no warranty for the treatment success.

5. EXPLANATION

The client is informed in detail by Artist about specific risks of eyebrow drawing treatment using microblading technique. The following risks are specifically explained to the client: During the treatment, despite the staff expertise and all the precautionary measures, the injury is possible. During and after the treatment temporary swelling, redness and/or itching may occur. Experience tells us that these symptoms are temporary. Depending on the skin structure after the first treatment small scabs with a loss of drawn hairs may occur and colour intensity may change. In the first seven days eyebrows are up to 40% darker and 10-15% thicker. Colour i.e. colour reflection depends on the natural skin pigment. The shape is determined according to the face proportions. Symmetry is determined digitally, with closed eyes because of the negative impact of facial expression. Depending on the skin structure, it should be noted that change in the colour intensity is possible and that one or more additional treatments will be required. The minimum or maximum duration of eyebrow drawing treatment cannot be determined with certainty, nor can warranty be given on performed treatment. The first correction is done 4-8 weeks after the treatment. For oily skin it is necessary to perform more corrections. Permanent make-up always leads to the skin injury. Therefore, it is important to carefully and gently nurture your skin after the treatment to allow healing without complications. Inadequate care in healing phase of the skin can lead to poor results and the Artist cannot be liable for it.

8. AFTERCARE

In the next seven days the client is required to pay attention to the following: 45 minutes after the end of the treatment, eyebrows should be carefully cleaned with sterile water and cotton wool (this will remove any lymph build up), pat dry and then a thin layer of skin candy (provided by the Artist) is applied. This procedure should be repeated every 45 minutes for the first 3 hours after the treatment and then 3 times a day for the next 3 days. The following 2 weeks, only skin candy is applied. For oily skin, skin candy is applied in only the first day. Please do not use any other products except the ones provided to you in order to prevent possible infections or allergic reactions. In the first two weeks after the treatment avoid public bathing, sunbathing, tanning salon, sauna, beauty treatments, intense training accompanied by sweating (sport activities), contact with dust (household chores etc.) Artist is not liable in case of improper post-treatment care.
